Career & Work · Excellent (91)

A standout window for your career this month — favourable for a promotion, a new role, an important pitch, or visible recognition from seniors. This is a window to act, not wait — the supporting influences are at their strongest, so the bold, well-judged move you've been considering is favoured now rather than later. Put yourself forward, ask for what you want, and start what matters; outcomes tend to land in your favour and the goodwill of others flows toward you. The only real risk is hesitation or spreading yourself too thin.

Money & Finance · Excellent (78)

Strong for money this month — gains, a raise, a profitable deal or an investment paying off are favoured. This is a window to act, not wait — the supporting influences are at their strongest, so the bold, well-judged move you've been considering is favoured now rather than later. Put yourself forward, ask for what you want, and start what matters; outcomes tend to land in your favour and the goodwill of others flows toward you. The only real risk is hesitation or spreading yourself too thin.

Luck & Fortune · Good (71)

A fortunate phase this month — say yes to opportunities and put yourself forward; doors open more easily. Momentum is with you, so steady, confident effort is rewarded. It is a fertile time to build, finish and consolidate — push the things that are nearly there over the line, and lay foundations you'll be glad of later. Keep your focus narrow and your follow-through clean, and the gains compound.

Support from Seniors · Excellent (85)

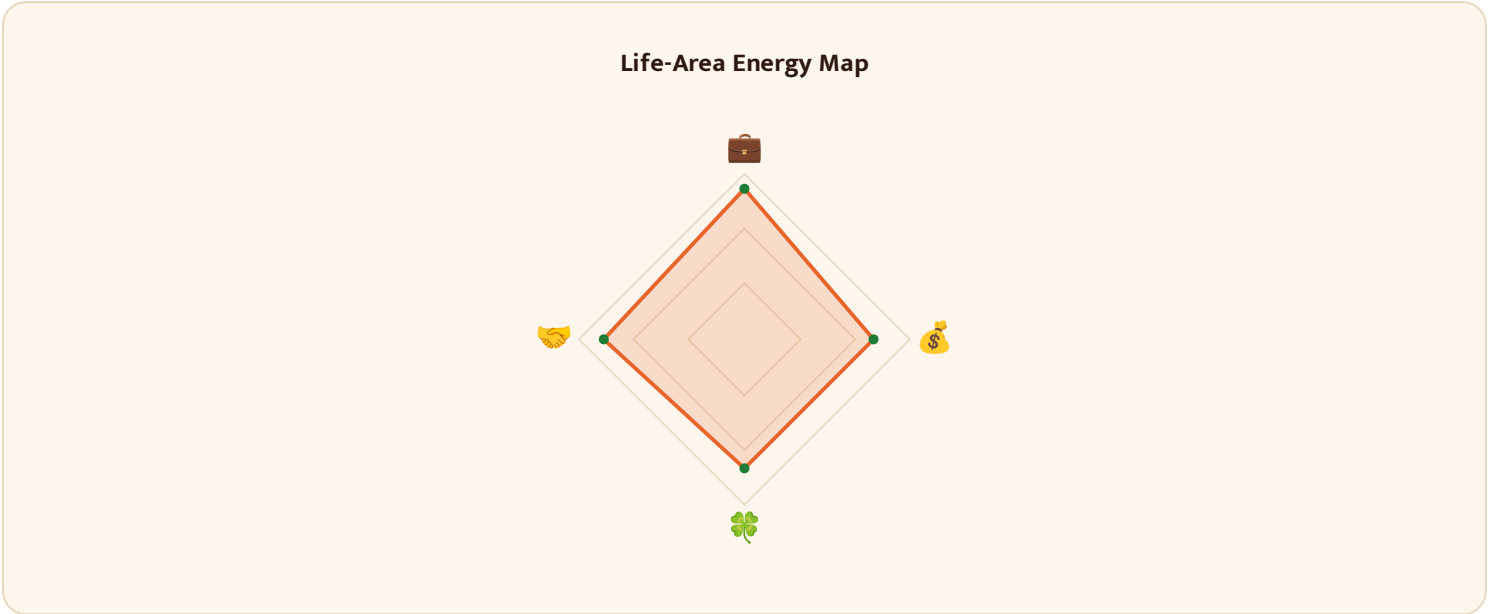

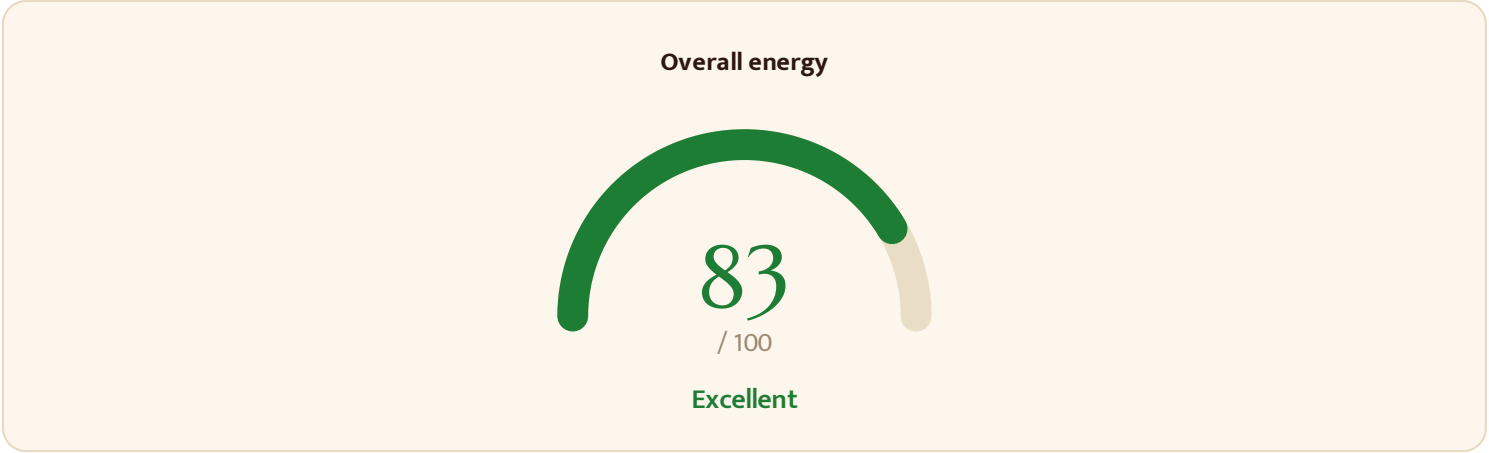

Strong support from seniors this month — bosses, elders and mentors favour you; a good time to seek help or blessings. This is a window to act, not wait — the supporting influences are at their strongest, so the bold, well-judged move you've been considering is favoured now rather than later. Put yourself forward, ask for what you want, and start what matters; outcomes tend to land in your favour and the goodwill of others flows toward you. The only real risk is hesitation or spreading yourself too thin.

 **Why:** Why the chart says this — you are running the Jupiter Mahadasha with the Mercury sub-period, the deeper backdrop for this period. The Mercury sub-period activates this area; the Mercury pratyantar sharpens this; Jupiter transits with some pressure here; Saturn transits favourably for this area. Taken together these place your month overall at 81 out of 100 (Excellent).
